

February 2019

Freemantles School cordially invites you to join a parents' forum session on 'positive touch' with Jackie Reeves and Primrose Brookes

Primrose is our own on-site behaviour specialist. Jackie is the Surrey staff trainer in strategies for helping students to transition safely when they are experiencing challenging times and has run sessions here before for parents. These have been very well received and parents have found them extremely beneficial. We are extending the invitation again this year to parents of our Span link network of special needs schools. We are also extending the invitation to older (secondary age siblings) that you think may find it useful. The session is completely free of charge and will last for about 2 hours.
