

Keeping Me Safe

 Sometimes  people  get  angry, cross  or upset.

 They  may hurt  themselves  or others.

 To keep  everyone  safe,  adults  may have to  hold  a student.

 This  will not hurt  but they  may not like it.

 When  it is  safe,  the adults  will stop  holding the student

 and let  them  be  angry in a safe place.

 If a student  is held  the adults  will write  this down.

 When  everyone  is calm,  they  will talk about  what  has happened.
